

A woman with long blonde hair, wearing a white long-sleeved shirt, is looking out of a window with horizontal blinds. She is holding a white box containing a green plant and several papers. In the background, two other people are visible, working at desks. The scene is brightly lit, suggesting an office environment.

**Even though  
you are leaving...**

# ... you can still get access to the same level of private medical insurance cover as you have in your current employment - *without a medical!*

**MEC**  
EMPLOYEE BENEFITS

As the current administrators of your private medical insurance (PMI) benefits through your employer's group scheme, MEC is best placed to help you maintain those benefits once you have left.

MEC handles individual plans, offering facilities for retirees, group leavers and over-age dependents as well as individuals looking to put coverage in place for the first time.

With a hands-on approach and over 75 years' combined experience in the employee benefits arena, MEC provides a full consultancy service, working very closely with insurers to ensure that you receive the best possible package in terms of cost, benefits and service level.

As you are already aware, private healthcare is a fantastic benefit to have, providing access to immediate consultations and treatment including out-patient treatment and in-patient hospital stays.

Should you ever need treatment, it will be carried out speedily without a long waiting period. And, if you require a hospital admission, you can choose a date convenient to both you and your consultant.

All MEC clients have free access to our PMI Claims Support Service where our in-house claims team will assist in resolving issues which may arise during the claims process. Although members should still liaise with their insurance company in the first instance, MEC will intervene during the process should there be a problem. Whether this is a dispute with the insurer, dealing with a hospital chase-up letter or merely seeking clarification of the benefit limits, the MEC team will provide independent, professional and friendly assistance.

With the loss of PMI benefits as a result of leaving a group scheme, you may also have lost access to other valuable benefits such as Income Protection, Critical Illness Cover and Life Insurance. MEC can help you reinstate all of these benefits or just the ones important to you and your family. We can discuss this with you as part of a PMI package or as stand-alone items which may not be offered in your new job.

**If you would like to talk to us about any aspect of PMI and other health related benefits, please call our direct line on 01276 858235.**
